15.2 An amanuensis may be provided to a candidate who meets with an accident during the days of examination and request for an amanuensis. The following procedure should be adopted in this connection:

- a) The candidate who meets with an accident during the days of examination and requests for an amanuensis should normally meet the Controller of Examinations, at least 24 hours before the commencement of the examination.
- b) The amanuensis should be a student of the standard lower than the exam for which he will act as amanuensis.

- c) The examinee who meets with an accident should submit a medical certificate from the Principal Medical and Health Officer of the District or by a Medical Board.
- d) The same amanuensis should continue for all the examination days.

16. QUESTION BANK

16.1 Need Of Question Bank

The need of question bank is felt due to the followings:

- a) Question banks is an attempt to integrate both teaching and evaluation.
- b) There is a constant need for development of standards and quality of examination along with demand for fair and just evaluation process
- c) To discourage traditional method of paper setting in order to avoid repetition of questions
- d) To test analytical skills and abilities desired of students.
- e) The Setting of Question Papers through the Question Bank System is a much-needed reform in the examination system. It reduces administrative mechanisms for conduct of paper setting process.
- f) A pool of experts of the concerned subject shall be contributors to an exhaustive question bank.
- g) The question bank system provides a platform for a wider participation of academicians with active collaboration in setting questions based on revised Blooms taxonomy.
- h) The involvement of many experts from different institutions will lead to setting of paper of good quality as teachers with known expertise on a particular unit/module can set questions only on the said topic/module.
- i) Well-developed question banks, as a matter of fact lead to and influence curriculum development.
- j) To be effective, it is necessary that the question bank must have a large number of questions of a particular course. With the use of ICT based system the question paper sets can be drawn within minutes.

16.2 STANDARD OPERATING PROCEDURE FOR QUESTION BANK

The question bank system shall be taken into consideration the following:

- a) Specifying Objectives/ Learning Outcomes to be tested. It should cover the entire hierarchy of learning objectives as specified by Bloom and Anderson.
- b) Deciding the question format
- c) Writing or pooling of questions by panel of experts
- d) Review of questions
- e) Sample group testing/ pilot test
- f) Assessment of difficulty and discrimination ability of the questions
- g) Final Selection of questions for the question Bank
- h) That questions are drawn from each unit of the syllabus
- i) That the questions drawn meet the Program Objectives and Outcomes of the course
- j) Questions shall span all difficulty levels and each question be marked with its difficulty level
- k) The question bank includes questions of every type as per Section such as Long Answer, Short Answer and Very Short Answer Questions must specify the expected length and suggested time for completion.
- l) Answer key shall be provided by the paper setter concerned.
- m) Each question shall be appended with suitable codes to indicate the learning outcome mapped to, the topic in the syllabus that it examines, the difficulty level and the discrimination ability.

17. EXAMINATION AND ASSESMENT

The medium of instructions and examination shall generally be English. However, a student will be permitted to write the examinations either in English or Hindi as approved by the Academic Council of the University. Each theory paper should preferably be of 100 Marks. The credits shall be assigned to all the papers. One credit is to be assigned for one hour of teaching/tutorial per week. Each theory paper/ course shall be assigned number of credits by the Academic Council. Each practical course of Two-hour duration will be assigned One Credit. The HoD of Department shall ensure that total credits in similar type of Academic Program do not vary significantly. For example: all B.Tech. Programs should have equal number of total credits. Likewise, all M. Tech. programs, M.B.A., M.C.A., M.A.,

MAJMC, etc. may be identified as separate groups to have equal number of total credits within their own group for the purpose of uniformity. The evaluation for Semester Based Program shall be based on Internal Evaluation and End-Term Examinations.

18. EXAMINATION SCHEME FOR ALL PROGRAMS (EXCEPT COURSES RUN UNDER REGULATORY BODIES).

To pass each semester examination, a candidate must obtain minimum pass marks in each written paper/ sessional, practical work / Viva-Voce as laid down in the scheme of examination of the respective program.

The assessment of External Evaluation i.e. End Term Semester Examination will be made out of 70 (Seventy) marks in theory Papers and Internal Evaluation i.e. Mid Term assessment of 30 (Thirty) marks shall be made by the subject teacher, teaching the paper in accordance with the following rules:

Mid-Term Assessment	Class Test -I, Class Test-II & Class Test (A)	Assignments & Other Academics Activities as per Guidelines (B)	Semester Attendance (C)	Total (A+B+C)
-	15 Marks	10 Marks	5 Marks	30 Marks

Criteria for Awarding Semester Attendance Marks will be as prescribed by the University as follows:

- a. Attendance above 95% : 5 Marks
- b. Attendance between 91% to 95% : 4 Marks
- c. Attendance between 86% to 90% : 3 Marks
- d. Attendance between 81% to 85% : 2 Marks
- e. Attendance between 75% to 80% : 1 Mark

The HoD will preserve the records of the Sessional/practical work up to six months from the date of the declaration of the concerned semester examination.

A. INTERNAL EVALUATION: MID-TERM EXAMINATION

- a) The schedule of Class Tests - I, II & III shall be notified to the students by the Department.

b) The internal assessment shall be based on the marks obtained in CT-I, CT-II, CT-III, Viva-Voce, Projects, Attendance, Punctuality, Participation in class, other Extracurricular activities of the institute and overall discipline..

c) No remedial Class Tests – I, II & III would be conducted.

B. EXTERNAL EVALUATION: END-TERM EXAMINATION

- a) The End Term examinations shall ordinarily be held at the end of every semester i.e. November-December or May-June, as the case may be, as per the schedule notified by the Controller of Examination. The dates for the practical examinations would be decided by the HODs of respective departments in consultation with the Dean of the Faculty.
- b) The examiners for the end-term examination will be appointed by the Vice-Chancellor from the panel of the examiners to be supplied by HOD /DEAN.
- c) At least 50% of the paper setters for the end-term examination will be submitted to the COE on his email earmarked for the purpose.
- d) The COE will get the manuscript of the question paper moderated by the Moderation Committee consisting of (i) Dean of Faculty (ii) HoD of the Department. After modifications, if needed; it will be handed over back to the COE for printing and conduct of examinations.
- e) The answer books will be evaluated by the persons who set the question paper. In case of his inability to assess the answer books, for whatever reasons, the Vice-Chancellor may get them assessed by any other examiner from the Panel or Internal Examiner.

19. EXAMINATION SCHEME FOR COURSES BEING CONDUCTED AS PER NORMS OF THE REGULATORY BODIES.

All such programs which are being run as per norms Regulatory Bodies, the Examinations will be conducted strictly as per the guidelines notified by the regulatory bodies.

20. VARIOUS COMMITTEES OF EXAMINATION DEPARTMENT

To conduct the examinations in a smooth and fair manner, the following committees have been constituted:

- a) **Examination Committee:** Examination Committee is constituted with its member as VC, PVC, COE and two other senior faculty members for the all-round development of the examination department. This committee meets once during an academic semester to discuss various issues related to the

examination such as paper setting, evaluation, feedback, suggestions for further improvement etc.

- b) **Moderation Committee (Question Paper):** The Dean of the Faculty, Head of the Department and a Senior Faculty will be the Members of Moderation Committee, which will ensure:
1. The proper distribution of marks in the question paper.
 2. The question papers are within the syllabus and cover the entire syllabus.
 3. Non-Repetition of same questions.
 4. Each question should also define with proper Course Outcome & Level as per syllabus
 5. Language Check, etc.
- c) **Flying Squad:** Flying Squad is constituted before commencement of the examination consisting of 2-3 members from various disciplines to restrict unfair means cases.
- d) **Unfair Means Committee:** To decide the unfair means cases reported during semester/annual examination, a committee consisting of 3 senior faculty members shall be nominated by the V.C.
- e) **Moderation Committee (Assessment):** The VC, PVC, Dean of the Faculty/Head of the Department and COE will be Members of Moderation Committee for result, which ensures:
- i) Use of valid assessment material and consistent application of criteria, to provide fair academic judgment and reliable outcome in the form of marks or grades.
 - ii) It ensures appropriate designing and implementation of assessment activities along with generation of valid and reliable results.
 - iii) It ensures that all achievements in the form of marks and grades across courses reflect achievement of same level of standard.
 - iv) Moderation shall be conducted in case when there are large number of fail grades or high grades, or when large numbers of students who have received the same grade or clustering of students on letter grades, or when there are discrepancies between grades allocated to individual students in different

courses, or to find out the difficulty level of the question paper or whether the assessments modes used cover the entire syllabus or not.

v) **Applicability - Moderation** shall be made applicable to both external and internal modes of assessment. The difficulty level of the questions included in the assessments, i.e., is the difficulty level on the extremes, very easy or very hard. The manner of awarding marks, i.e., has the correction been at the extremes, liberal or tough.

f) **Grievance Redressal Committee:** Grievance Redressal Committee is constituted with VC, PVC, and Deans of the Faculties and COE to take care of various grievances related to the examination.

21. DEALING WITH UNFAIR MEANS CASES

If a candidate is found using unfair means or indulging in disorderly conduct during the Mid- Term Examinations or End-Term Examinations a case of unfair means is registered against him / her and placed before the Unfair Means Committee. The committee will examine such cases and recommend suitable action to the Vice-Chancellor for a final decision in the matter.

22. CRITERION FOR AWARDING GRADING SYSTEM

(FOR ALL COURSES EXCEPT B.PHARMA, M.PHARMA, BPT & MPT)

22.1 CRITERION for Awarding SGPA and CGPA: The criterion for awarding the Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA) for the entire professional program shall be as follows:

- a) The criterion for passing in a subject is that a student should secure minimum pass marks in the total of Internal Evaluation and End Term Examination as laid down in the scheme of examination of the respective program. A Student will earn the credits assigned for a subject if he/she passes in that subject.
- b) A student obtaining less than passing marks in each subject (sum of internal and End-Term examination) will be declared fail in that subject and will have to re- appear in a End-Term examination of the course in subsequent odd / even semester end term examination, subject to maximum permissible period of n+2 years/n+4 semesters to complete the course.
- c) The University has adopted Absolute Grading System for converting marks into grades. The formula of 10- point grading system for conversion of marks

obtained into Letter Grades and converting Letter Grades to Grade Point is given below:

Table 1: Marks, Letter Grades and Grade Points

Marks	Letter Grade	Grade Points
91-100	O (Outstanding)	10
81-90	A+(Excellent)	9
71-80	A(Very Good)	8
61-70	B+(Good)	7
51-60	B(Above Average)	6
46-50	C(Average)	5
40-45	P (Pass)*	4
0-39	F(Fail)	0
	AB (Absent)	0

*For pass marks, see the scheme of examination of the respective program.

- d. While converting the marks into Letter Grade, the rounding off marks must be considered.
- e. A student obtaining Grade F shall be considered failed and will be required to reappear in the examination.
- f. non-credit courses "Satisfactory" or Unsatisfactory" shall be indicated instead of the letter grade and this will not be counted for the computation of SGPA/CGPA

22.2 Computation of SGPA and CGPA

The University has adopted the UGC recommended procedure for computation of Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA)

- a) The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the papers/ courses taken by a student and the sum of the number of credits of all the courses undergone by a student, i.e.

$$SGPA (S_i) = \frac{\sum (C_i \times G_i)}{\sum C_i}$$

- b) Where C_i is the number of credits of the i th course and G_i is the grade point scored by the student in the i th course. The University shall issue Semester Grade Card to the student.

c) The CGPA is also calculated in the same manner taking into account all the courses undergone by a student over all the semesters of a program, i.e. $CGPA = \frac{\sum (C_i \times S_i)}{\sum C_i}$ where S_i is the SGPA of the i th semester and C_i is the total number of credits in that semester. The SGPA and CGPA shall be rounded off to 2 decimal points and reported in the transcripts.

d) The percentage of a student may be obtained as follows:

e) Percentage (approx..) = $(CGPA \times 9.5)$

Illustration of Computation of SGPA and CGPA and Format for Transcripts

Computation of SGPA and CGPA

Illustration for SGPA

Course	Credit	Grade Letter	Grade Point	Credit Point (Credit x Grade)
Course/Paper 1	3	A	8	3x8=24
Course/Paper 2	4	B+	7	4x7=28
Course/Paper 3	3	B	6	3x6=18
Course/Paper 4	3	O	10	3x10=30
Course/Paper 5	3	C	5	3x5=15
Course/Paper 6	4	B	6	4x6=24
	20			139

Thus, $SGPA = 139/20 = 6.95$

a) Illustration for CGPA

Semester-1	Semester-2	Semester-3	Semester-4	Semester-5	Semester-6
Credit: 20	Credit: 22	Credit: 25	Credit: 26	Credit: 26	Credit: 25
SGPA:6.9	SGPA:7.8	SGPA:5.6	SGPA:6.0	SGPA:6.3	SGPA:8.0

Thus,

$$GPA = \frac{20 \times 6.9 + 22 \times 7.8 + 25 \times 5.6 + 26 \times 6.0 + 26 \times 6.3 + 25 \times 8.0}{144} = 6.73$$

144

AWARDS OF DIVISION:-

1. Division shall be awarded only in the final semester.
2. Successful candidates in all the semester examination shall be awarded the

division at the end of final semester examination taking the aggregate of marks obtained in all semesters as follows:

- a) 75% and above - First Division with Distinction
- b) 60% and above but Less than 75% - First Division.
- b) 50% and above but Less than 60% - Second Division.
- c) Less than 50% but not less than 40% - Pass.

Provided the candidate has secured the minimum pass marks as specified under clause Passing of Examination above.

Condonation of deficiency in marks:- One Grace mark shall be awarded by the Vice Chancellor to the passed candidate who may be placed in the higher division by award of Vice Chancellor's one grace mark. The higher division will be shown in the result. This is subject to exit of the candidate from the programme.

23. RULES FOR THE AWARD OF GRACE MARKS

A candidate shall be eligible for grace marks provided:

- a) He / She has appeared in all the papers prescribed for the Examination.
- b) Grace marks to the extent of 1% of the aggregate marks of the papers in which the candidate has appeared in that particular scheme of examination, shall be awarded provided the student must pass the paper after awarding the grace marks.
- c) Grace marks to be awarded to a student only in the End-Term Examinations.
- d) No grace marks to be awarded in Internal Evaluation.

24. DECLARATION OF RESULT

The results are declared by the Controller of Examinations after being approved by the VC and Dean/HoD concerned. The result shall be declared on web-site of the University.

In order to strengthen the process of result declaration, the following important features shall be taken into consideration:

- i. Timeliness of declaration of result
- ii. Clarity of interpretation of the Result Card

- iii. Comprehensive Format
- iv. Accessibility
- v. Verifiability

24.1 TIMELINESS OF THE RESULT DECLARATION

Timeliness is essential in case of both internal and external components of evaluation. The following table shows the timeline for internal assessments and external assessments:

Assessment (Internal)	
Daily Tasks	Before the next task
Weekly Tasks	Before the next task
Unit End Tests	One week
Assessment (External)	
External Components	Within 30 days from last date of examination

24.2 CLARITY OF INTERPRETATION

In the final result, having both internal and external components, both shall be mentioned separately, followed by the overall grade. In the result, information about the grading and credit system, interpretation of grades, and conversion of grades to percentage shall be mentioned at the back of the mark-sheet.

24.3 COMPREHENSIVE FORMAT OF THE REPORT

Results reflect the achievement and competency of learners across all dimensions. The result shall be comprehensive and shall include all aspects of learning outcomes, i.e. Academic, Social, Moral and Spiritual. Subsequently the achievement of learners in respective areas shall be displayed.

24.4 ACCESSIBILITY

The End Semester results shall be declared online for both internal as well as external components. The students may access their result in the result portal through their unique enrollment number and OTP sent to their registered mobile number.

24.5 VERIFIABILITY

Results and Academic Awards shall verifiable by external agencies as they have

significant link with the entire career path of the students. The verifiability of results by prospective employers, HEIs and other agencies shall be managed through the National Academic Depository (NAD).

25.ASSESSMENT & ATTAINMENT OF OUTCOME

25.1 LEARNING OUTCOME BASED ASSESSMENT

Learning Outcome Based Education (LOBE) suggests the importance of establishing a “clear picture of what is important for students to be able to do, organizing the curriculum, instruction, and assessment to make sure that learning ultimately happens.” The main objectives of Learning Outcome Based Education (LOBE) are as follows:

OBJECTIVE

- To develop the assessment system based on attainment of learning outcomes.
- To develop students with the understanding of course content and its application to all situations; routine or complex.
- To promote Comprehensive Continuous Evaluation (CCE) model.
- To setup a mechanism for continuous assessment of application and higher ability skills in the students.
- To ensure credibility and transparency of outcome of the assessment system

25.2 ASSESSMENT TYPES:

Student Assessment shall be based out of a wide range of learning activities, which would include different approaches and are classified along several bases such as:

- a) **Based on Purpose:** Assessment types include i) External (evaluation of students learning at end of instructional unit) and ii) Internal (informal and formal tests administered during the learning process).
- b) **Based on Nature of Data:** i) Quantitative evaluation is mainly concerned with scholastic achievement in subject-based performance whereas ii) Qualitative is chiefly about evaluating the non-scholastic and probably more important, aspects of the student’s personality involving social, emotional, attitudinal and moral/ethical assessment.

- c) **Based on Domain:** Assessment types include i) Scholastic achievement (assessment of curriculum related classroom teaching and learning) and ii) non-scholastic achievement (assessment of student's behavior, values attitude, emotional stability during co-curricular activities and other structured or unstructured situations inside or outside the classroom).
- d) **Based on Measuring Standard:** Criterion-referenced (uses test score to generate a statement about the behavior that can be expected of a person with that score), ii) Norm-referenced (Standardized) (whether test takers performed better or not than a hypothetical average student) and iii) Self-referenced (Ipsative) Evaluation (assessment of a person's performance is compared with their own earlier performance to identify improvements, if any). A further classification is based on direct and indirect measurement of learning. A direct method which is based on a sample of actual student work, including reports, exams, demonstrations, performances, and completed works, requires students to produce work so that teacher can assess how well students meet expectations. An indirect method is based upon a report of perceived student learning. These include surveys, exit interviews, and focus groups. The assessment shall be designed with learner attributes in mind. These attributes, which have clear linkages to Program Education Objectives and Outcomes, stem from the taxonomy.

26. ATTAINMENT OF COs & POs

26.1 SET TARGET LEVELS FOR ATTAINMENT OF COURSE OUTCOMES

The course outcome attainment will be assessed in order to track the graduate performance w.r.t target level of performance. The CO attainment is the tool used for continuous improvement through appropriate learning & teaching strategies of the course.

- In order to assess student performance with respect to abilities (at the end of course teaching/end of Semester) the course outcome attainment shall be measured
/Calculated.
- This course outcome attainment will become the basis for Program Outcome Attainment calculation. Prior to that, the course-program outcome mapping will be done.

26.2 SET TARGET LEVELS FOR ATTAINMENT OF PROGRAM OUTCOMES /PROGRAM SPECIFIC OUTCOME

The program outcome attainment is assessed in order to track performance of the graduates' w.r.t target level of performance. The PO attainment is the tool used for continuous improvement in the graduates' abilities through appropriate learning & teaching strategies. The program outcome attainment will be governed by curricular, co-curricular and extra-curricular activities.

In order to calculate the program outcome attainment, the course outcome attainment is calculated. The set target level is the set benchmark to ensure the continuous improvements in the graduate's performance.

26.3 ATTAINMENT OF COs

A set of performance evaluation criteria will be used for quantitative assessment of COs. To start with the attainment shall be based on 90% direct assessment and 10% indirect assessment. In order to achieve the indirect achievement course end survey based on outcome shall be done and 10% of its weightage shall be taken into consideration for overall attainment.

At the initial level the threshold limit shall be the passing mark. However, the target level shall be as follows and will be enhanced in phased manner.

Level	Target
1.	If a student achieves 70-79% of the threshold value
2.	If a student achieves 80-89% of the threshold value
3.	If a student achieves greater than equal to 90% of the threshold value

26.4 STEPS FOR ASSESSMENT OF LEARNING OUTCOMES AND ANALYSIS OF ASSESSMENT FINDINGS

- a) Teacher will assess each student's performance in each course and provide feedback to the student. The CO attainment will be based on internal assessment and end

term examination assessment;

26.4.1.1 Student will reflect on course learning experiences and provide feedback

26.4.1.2 Internal/external reviewers will provide feedback regarding the overall quality of the program and the experiences that relate most directly to student achievement of stated learning outcomes

- b) A common format will be used for finding the average attainment of COs.
- c) The following are the three target levels: High (3), Moderate (2) and Low (1) attainment for direct and indirect methods.
- d) Target level for attainment of COs initially will be set based on passing marks of that course and increased consequently as previous performance.
- e) Attainment Level Calculation for direct assessment for each CO is the sum of external (70%) and internal (30%) assessment of that CO.
- f) Indirect assessment will be done through student feedback on achievement of COs.
- g) Attainment level calculation for overall CO is the sum of direct (90%) and indirect assessment (10%)
- h) The CO attainment will be measured and the results obtained. Based on the results of attainment, the corrective measures/remedial action will be taken.

27. ATTAINMENT OF PO/PSO

Program outcomes will be attained through direct and indirect methods.

a) Direct Method: For measuring PO in direct method a CO/PO matrix will be used to measure PO. The COs will be linked to the PO using the CO vs PO matrix as stated in Course Syllabus. The attainment of POs and PSOs will be calculated based on the CO attainment using following steps -

- i) The mapping of individual Courses or subjects and their learning outcomes with Program Outcomes and Program Specific Outcomes will be done.
- ii) Performance in theory courses will be measured according to the marks obtained by the students in the Internal and External evaluation.
- iii) After Evaluation of marks, the CO attainment will be done.
- iv) PO attainment will be calculated on the basis of average CO attainment of each course.

- v) The PO attainment will be calculated by using the predefined CO/PO matrix and the value of final CO attainment for the subject. The PO attainment will be calculated by using the formula $PO \text{ attainment} = \text{Avg. of COs of a PO} / 3 \times \text{Final CO attainment for the subject}$.
- vi) Performance in these courses will then be analyzed in detail to measure the degree to which the Program Outcomes and Program Specific Outcomes are attained.

b) Indirect Attainment: In this method, the feedback on the framed questionnaires will be considered. The survey questionnaire will be circulated to graduates (exit survey), teachers, alumni and employer. The surveys will then be assessed and evaluated to determine the strength of attainment level of POs/PSOs.

Survey results from graduates, alumni, and employer will be consolidated and the final PO values calculated through 3-point scale (High, Moderate and Low).

Overall attainments of POs will be calculated by taking 90% of direct attainment and 10% of indirect attainment **PO Attainment = 90% (Direct Attainment) + 10% (Indirect Attainment)**. If the POs and PSOs attainment value is below the target, an essential remedial action will be planned and implemented.

28. RE-EVALUATION

- a) The re-evaluation facility is available only for end-term theory examinations. Students may apply for re-evaluation of their result in maximum of 25% of the papers as mentioned in the scheme of examination of that particular semester.
- b) The students may apply for re-evaluation to Controller of Examinations in a prescribed format within 15 days of declaration of the result and by paying the requisite amount of fee as prescribed by the University.
- c) The answer scripts for which reevaluation is sought for shall be sent to another external examiner. If the marks awarded in the re-evaluation increases up to 20% of the Maximum Marks (End Term Theory Paper) the higher marks will be awarded to the candidate. However, if the difference is more than 20%, the answer script would be sent to the third examiner and the mean of two higher marks, awarded by all the three examiners will be considered.

Re-evaluation is allowed only in theory papers not in Mid Term, Practical examination/ Dissertation/Project Works/Reports.

29. RECHECKING/ INSPECTION OF ANSWER SHEET BY THE CANDIDATE

Students may apply for Re- Checking / Inspection of answer sheet of their result if so desired. The students may apply for the same to Controller of Examinations in a prescribed format within 15 days of declaration of the result by paying the requisite amount as prescribed by the University. A suitable date would be given to the student to see his/her answer sheet personally. If a student wishes to get his/her answer sheet re-evaluated, it would also be done as above.

30. RE-APPEAR/IMPROVEMENT IN END TERM EXAM

a) The re-appear/improvement in End Term Examinations for Odd semester will be held along with the Odd Semester regular End Term examinations and for Even Semester with End Term examinations along with Even Semester regular End Term examinations.

b) A student who has to re-appear/improve in a End-Term-term examination shall be examined as per the syllabus, which is in force at the time he is taking the examination unless the paper has been completely changed or shifted from one semester to another. In case the syllabus has been changed more than 25% or a new paper has been introduced instead, then the student would be examined as per the course which he/she had studied. The Deans/HoDs would be required to submit the information regarding the papers in which the syllabus has been changed more than 25% or the paper has been shifted to another semester or that paper has been removed from the current scheme of examination.

c) A candidate, who fails in a semester examination shall be exempted from re-appearing in the paper(s) / Sessional / practical work (Project report, Seminar/ Moot Court, etc.) in which he may have obtained minimum pass marks (including the marks of Sessional /practical work) as given in the scheme of examination of the respective program. Such a candidate shall be allowed to appear, for passing in the remaining paper(s), only at the next respective semester examinations.

d) The previous internal marks already obtained by the student shall be taken into account without any modification.

31. PROMOTION OF CANDIDATES

All the candidates will get automatically promoted to the higher semester. However, the student shall be required to complete the program in a maximum

permissible period. Regulatory bodies promotion norms are applicable to the students undergoing the programs run under them.

32. CREDIT TRANSFER POLICY FOR MOOCs /COURSERA ETC.

- a) The university shall give the equivalent credit weightage to the students for the credits earned through online learning courses through SWAYAM/Coursera or any other approved platform in the credit plan of the program.
- b) All Diploma, UG and PG programs offered by the university that follow CBCS pattern.
- c) Capability Enhancement courses, Skill Enhancement Courses, Elective courses.
- d) Out of the total credits, 40% of the credits may be earned by the student through MOOCs (SWAYAM, NPTEL, Coursera etc.). However, the choice of online courses to be approved in advance by Dean/ HoD and Coordinator SWAYAM keeping in view the latest guidelines of the UGC/ respective regulatory body guidelines.

33. MERCY CHANCE

Grant of Mercy chance is allowed only in hard and exceptional circumstances to those students who got re-appear and could not pass the examination within maximum duration of program on the recommendation of the HoD through the Dean of respective Faculty duly approved by VC/Academic Council. Such candidates will have to pay a fee as prescribed by the University.

34. MULTIPLE ENTRY EXIT

Flexible learning is important to choose one's academic pathway leading to the award of certificate, diploma, and degree. There are occasions when learners have to give up their education mid-way for various reasons. The records of the clearance of credits for such incomplete academic programs remain unaccounted. Some contingency approaches are followed in a few Higher Education Institutions (HEIs) by allowing the learner to settle for a lower level of certification. It will reduce the drop-out rate, thus improving Gross Enrolment Ratio (GER), which is one of the major objectives of the National Education Policy, (NEP), 2020. Flexible learning also facilitates lifelong learning. These objectives can be achieved on the principle of a multiple entry and exit system along with the opportunity of learning from anywhere, anytime.

35. ACADEMIC BANK OF CREDITS (ABC)

The Academic Bank of Credits (ABC), a national-level facility will promote the flexibility of the curriculum framework and interdisciplinary/multidisciplinary academic mobility of students across the HEIs in the country with appropriate “credit transfer” mechanism. It shall be a mechanism to facilitate the students to choose their own learning path to attain a Degree/ Diploma/Certificate, working on the principle of multiple entry and exit as well as anytime, anywhere, and any level of learning. ABC shall enable the integration of multiple disciplines of higher learning leading to the desired learning outcomes including increased creativity, innovation, higher order thinking skills and critical analysis. ABC shall provide significant autonomy to the students by providing an extensive choice of courses for a program of study, flexibility in curriculum, novel and engaging course options across a number of higher education disciplines/ institutions. The multiple entry and exit options for students is facilitated at the undergraduate and Master’s levels. It would facilitate credit accumulation through the facility created by the ABC scheme in the “Academic Bank Account” opened for students across the country to transfer and consolidate the credits earned by them by undergoing courses in any of the eligible HEIs. The ABC allows for credit redemption through the process of commuting the accrued credits in the Academic Bank Account maintained in the ABC for the purpose of fulfilling the credits requirements for the award of certificate/diploma/degree by the authorized HEIs. Upon collecting a certificate, diploma or degree, all the credits earned till then, in respect of that certificate, diploma or degree, shall stand debited and deleted from the account concerned.

36. POLICY FOR MIGRATION OF STUDENTS

36.1 MIGRATION POLICY

- a) The Policy covers the migration of students from within a Department of Jagan Nath University (intra university) or from other Universities to Jagan Nath University (inter university) in any program running in the University on the recommendation by the equivalence committee of the university and approval by the Vice-Chancellor
- b) Such migration will not be the right of a student; though it is a permissive facility and hence not obligatory on the part of the university to allow.
- c) Inter-university migration shall be allowed to students coming from universities/ Institutes established under and recognized by the Regulatory Bodies.
- d) In addition, the academic record of a student shall also be a determining factor for

allowing migration.

- e) The candidate must pay the Enrollment/Migration Fee as prescribed by the University.

36.2 INTRA-UNIVERSITY (INTRA-DEPARTMENT) MIGRATION

41 NATIONAL ACADEMY DEPOSITORY (NAD)

41.1 OBJECTIVE

Maintaining academic awards in an electronic depository would provide benefit to educational institutions, students and employers by enabling online access of academic awards which will eliminate the need for persons to approach educational institutions for obtaining transcripts of such awards or marks-sheets for verification. It would also eliminate fraudulent practices such as forging of certificates and mark-sheets, by facilitating online verifications thereof. The National Academic

Depository aims at ensuring a credible and convenient mechanism for online lodging, verification and authentication of the academic awards issued by various educational institutions.

41.2 ABOUT NATIONAL ACADEMIC DEPOSITORY (NAD)

The vision of National Academic Depository (NAD) is born out of an initiative to provide an online store house of all academic awards. National Academic Depository (NAD) is a 24X7 online store house of all academic awards viz. certificates, diplomas, degrees, mark-sheets etc. duly digitized and lodged by academic institutions / boards / eligible assessment bodies. NAD not only ensures easy access to and retrieval of an academic award but also validates and guarantees its authenticity and safe storage.

41.3 UGC-THE AUTHORIZED BODY

The Union Cabinet has approved establishing a digital depository of academic awards to be known as National Academic Depository (NAD) on the pattern of securities depository in its meeting held on 27th October, 2016.

Consequent upon the approval of Cabinet, the Government in exercise of powers conferred under section 20(1) of University Grants Commission Act,1956 has designated University Grants Commission (UGC) as an authorized body to enter into a Memorandum of Understanding with Digi-Locker as a Single Depository.

41.4 FEATURES OF NAD

- Operate in fully online mode
- Allow lodging of Academic awards in a digital format, maintaining the integrity of access to the database and of the awards lodged in the database.
- Allow students to retrieve their lodged academic awards at any time.
- Allow employers and other person with prior approval of the concerned student to verify the authenticity of any academic award.
- Maintain the authenticity, integrity and confidentiality of the database.

42 ABOUT AUTOMATED PERMANENT ACADEMIC ACCOUNT REGISTRY (APAAR)

One Nation, One Student ID. APAAR empowers students to accumulate and store their academic accomplishments, facilitating seamless transitions between institutions for the pursuit of further education. The APAAR ID serves as a lifelong academic passport, consolidating all achievements and credentials of a student in one

place. The APAAR ID simplifies the processes of credit recognition and transfer right from the school level, thereby streamlining academic progression and recognition of prior learning. APAAR assigns a unique and permanent 12-digit ID to every student, offering a comprehensive record of their academic achievements, including degrees, scholarships, awards, and other credits.

ANNEXURE - I

AWARD OF ACCELERATED AND EXTENDED DEGREES BY THE UNIVERSITY.

The National Credit Framework (NCrF) enables learners with varying learning abilities to move through the curriculum at rates faster or slower than the standard duration of a programme by earning the required credits. Higher Education Institutions (HEIs) may provide Accelerated Degree Programme (ADP) and Extended Degree Programme (EDP) in addition to degree programmes with standard duration after evaluating the student's request for admission to a programme with a standard duration.

These instructions will guide Higher Education Institutions (HEIs) in the academic content,

credits, assessment methods and degree awarding while implementing extended and accelerated degrees.

- HEIs may earmark up to 10% of sanctioned intake for ADP.
- HEIs may constitute a committee to scrutinize applications received at the end of the first or the second semester under EDP and ADP and select students accordingly.
- The Committee constituted by the HEI will evaluate the credit-completing potential of a student based on their performance in the first or the second semester and give its recommendations.
- The Committee shall recommend a reduction or an increase in the number of courses and total credits per semester, as per the duration opted by the students.
- Under the ADP and EDP, the transcripts should record only the courses the students take in a semester.

ACCELERATED DEGREE PROGRAMME (ADP). –

- Accelerated degree programmes shall be applicable only at the undergraduate level.
- In the ADP, students will follow the same curriculum content and total credits prescribed for the programme for a standard duration. The only change will be in the duration of the programme. Students shall have the option to choose ADP either at the end of the first semester or the second semester and not beyond that. Students opting for the ADP will earn additional credits per semester starting from the second or third semester, depending on when they transition to the ADP. If they join the ADP after the first semester, they will begin earning extra credits from the second semester onward. Similarly, if they join the ADP after the second semester, the additional credit load will start from the third semester onward.
- In a 3-year undergraduate programme, students can shorten the duration by a maximum of one semester, e.g. students can earn the total credits needed for a 3-year undergraduate programme in five semesters. Similarly, in a 4-year undergraduate programme, students can shorten the duration by one semester or a maximum of two semesters, e.g. students can earn the total credits required for a 4-year undergraduate programme in six or seven semesters. Based on the credit structure in the “Curriculum and Credit Framework for Undergraduate Programmes”, the Committee shall decide the minimum number of credits a student must earn in a semester in ADP.

EXTENDED DEGREE PROGRAMME (EDP). –

- Extended degree programmes shall be applicable for undergraduate programmes only.
- In the EDP, students will follow the same curriculum content and total credits prescribed for the programme for a standard duration. The only change will be in the duration of the programme. Students shall have the option to choose EDP either at the end of the first semester or the second semester and not beyond that. Accordingly, students who opt for EDP will earn fewer credits every semester than those required in a programme with a standard duration.
- In a 3-year or 4-year undergraduate programme, the duration may be extended up to a maximum of two semesters. Accordingly, students can earn fewer credits in each semester. Based on the credit structure in the “Curriculum and Credit Framework for Undergraduate Programmes”, the Committee shall decide the minimum number of credits a student must earn in a semester in EDP.

EXAMINATION AND EVALUATION PROCESS. –

The examination and evaluation system will remain the same as the programme with a standard duration.

AWARD OF DEGREES. –

- HEIs may issue degrees for students on completion of the programme in the opted duration (shortened or extended duration) and need not wait to complete the standard duration for the award of the formal degree.
- For the accelerated and extended degrees, a self-contained note should be added in the degree stating that the academic requirements required in a standard duration have been completed in a shortened or extended duration. For an ADP of 4-year undergraduate programme, the note should specify that the student completed the academic requirements of a 4-year programme in six or seven semesters, as the case may be.
- Government departments, private organizations, and recruiting agencies like UPSC/State Service Commission, etc., should treat the degrees from ADP and EDP on par with degrees with standard duration.
